Do Peter and Richard have our latest "Closing the Gaps" document?

Jayne, I want to let you know that I have received a response from Peter Daugherty (ODF) confirming that he has spoken to Richard Whitman and the State is very interested in meeting with EPA and NOAA to go over the decision document and to discuss the State's plans to address the gaps. We left it that you and his staff person would contact each other to coordinate such a meeting. In my last voicemail exchange with Peter, I asked him to let us know if it's someone other than Kyle Abraham. I would proceed to contact Kyle if you don't hear otherwise.
